

## 4 - Technical Data and Dimensions

# Storage water heater RDC 160

code: 12772

Total fluid volume in tank .....	152 l
Tank volume .....	147 l
Heat exchanger volume .....	5.0 l
Heat exchanger surface area .....	0.8 m <sup>2</sup>
Max. working temperature in tank .....	95 °C
Max. working temperature in heat exchanger .....	110 °C
Max. working pressure in tank .....	10 bar
Max. working pressure in heat exchanger .....	10 bar
DHW heating from 10 °C to 45 °C at heating water temp. of 60 °C ...	545 l/h (19 kW)
Empty weight .....	70 kg
